

- 1) The name on your seal should be the same name in our records.
- 2) Use the discipline under which you've been licensed: Geology, Geophysics or Soil Science.
- 3) Use only the digits of your license number where "Your License #" is stated.
- 4) The seal can be an ink or embossed seal, though the Board would prefer the ink version.
- 5) The seal can be one of two sizes: a 1-5/8 inch pocket seal or 2 inch desk seal.

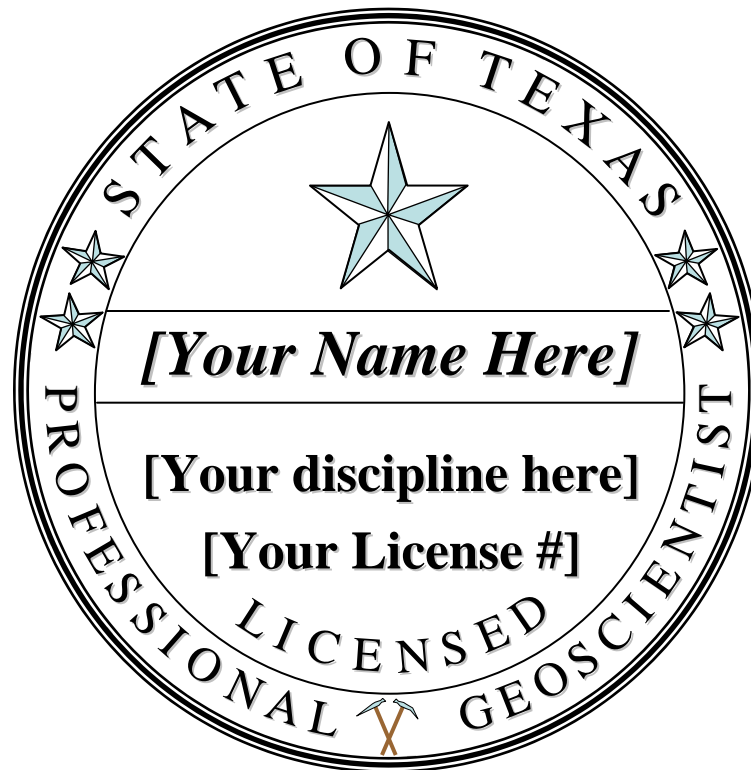

Image enlarged for viewing purposes only. Size should meet specification outlined above
